

Associate Membership Form

SDACO

South Dakota Association of County Officials

The role and relationship of government with the private sector has changed in recent years, and it continues to evolve. The SDACO Associate Membership Program is one more way that SDACO is working to leverage that evolution for our member counties and Associate Members in the private sector. The program is designed to provide opportunities to connect private sector solutions to the governing, management and information challenges facing member counties. SDACO offers unique opportunities to help your company raise awareness of your corporate programs.
